

HOUSE DEMOCRATIC MAJORITY NOW 18

Late Returns Indicate
Democratic Majority for
64th. Congress Will Be 18

MAJORITY IN SENATE 14

New Senate Likely to Consist
of 55 Democrats, 40 Republi-
cans and One Progressive

PROGRESSIVE REPRESENTATION CUT

New York, Nov. 4.—Latest re-
turns from yesterday's elections in-
dicated the Democratic majority in
the house of representatives for the
64th congress will be reduced to 18.
The probable Democratic majority in
the senate will be 14.

On the basis of the latest returns
the senate of the sixty-fourth con-
gress will remain in Democratic
control by an increased majority.
Although there is uncertainty re-
garding the election in Utah and
Nevada, the indications are that the
new senate will consist of fifty-five
Democrats, 40 Republicans and one
Progressive Senator Reed Smoot,
Republican, of Utah, would not ad-
mit defeat, although the latest re-
turns showed that James M. Moyle,
Democratic Progressive was leading
in the contest. Senator Newlands
of Nevada also seemed in danger
of losing his seat to Samuel Platt,
Democrat. The Utah and Nevada
senators have seen long service in
the senate and both have been in
their states for several weeks en-
deavoring to overcome opposition
which had developed when the popu-
lar election of senators was provid-
ed by constitutional amendment.

In states where the fight was hot-
test victory was practically assured
for Lawrence Y. Sherman, Rep., in
Illinois; Hubert Work, Rep., in Col-
orado; Charles S. Thomas Democrat
ocrat in California; Benjamin F.
Shively, Democrat, Indiana; Charles
Curtis, Republican, Kansas; War-
ren G. Harding, Republican, Ohio
and Charles H. Burke, Republican,
South Dakota.

Progressive Representation Cut.
Democrats have elected 226 mem-
bers, Republicans 192, Progressives
19 and Socialists 1. Of the six mis-
sing districts it was estimated to-
night that the Republicans and Dem-
ocrats might elect three each. Heav-
ily Republican gains were 13 in
Illinois, twelve in New York, ten
in Pennsylvania and nine in Ohio.
Progressive representation in the
house was cut from nineteen to
nine. This resulted from the gen-
eral collapse of the Progressive or-
ganization throughout the country
except in California.

IOWA.
Des Moines, Ia., Nov. 4.—The
re-election by Iowa republicans of
United States Senator Albert B.
Cummins and Governor George W.
Clarke having been made certain,
interest tonight centered in the size
of their pluralities. Belated re-
turns made little material difference
in the estimate of their pluralities
today. These figures were 25,000
to 30,000 for Cummins and from
10,000 to 20,000 for Clarke. Actual
returns on 1,042 precincts out of
a total of 2,297 in the state tonight
gave Cummins 92,014 and Connolly
gave Democrat, 73,421. The same pre-
cincts gave Clarke, 93,971 and Ham-
ilton, Dem., 77,911.

With the exception of the eleven-
th district, it seemed certain to-
night that the Republicans had el-
ected their congressional delega-
tion. T. J. Steele, Dem., was de-
clared to have defeated Representa-
tive George C. Scott, Republican,
but definite figures were not avail-
able here.

All doubt as to the Republican
complexion of the state ticket and
the legislature disappeared tonight.
The supreme court contest remain-
ed uncertain, with Weaver, Sallin-
ger and Thomas in the lead on the
precincts heard from.

and most of them returned to the
Republican fold from which they
had gone out originally.
"I think also that the indictment
of more than twenty of the New
York, New Haven and Hartford com-
pany's directors and the labelling
as conspirators of a good many
highly esteemed citizens of Connecti-
cut who are in their graves had an
unfavorable effect on the Democratic
prospects."

War News Summarized

Russia is the only one of the
belligerent countries to claim in
late reports anything akin to a
decisive victory for her arms. In
east Prussia, the German left
wing is said to be retreating
precipitately toward Biala and
Lyck, and in Poland the Aus-
trians are reported as fleeing to-
ward the frontier. Near Kielce
the Russians declare they cap-
tured fifteen thousand men.

To the contrary however, the
Austrians say they have been able
to hold the Russians at Lysa Gora, in South Poland,
while their troops made a wheel-
ing movement to another line of
defense.

Along the battle front in Bel-
gium and France probably the
most ambitious feats at arms
are occurring in the region
around Ypres, upon which the
Germans fell back from the north
on account of failure through
several contingencies to pierce
the allied lines and work their
way down the coast to Calais.

Reinforcements are being brought
up here by the Germans and an
attack in force is expected to
take place shortly against the
allies in a renewed attempt to
proceed to Calais. Both sides
make claim to only slight ad-
vantages at various points
along this line.

A Belgian official report says
that allied troops reconnoitering
as far as Lombardzyne, on the
Yser, found near schoolbakke
found no Germans but that an
almost unbroken column of the
enemy extending from Lekey to
Thorouty and arched in an easterly
direction.

The allies are hard after the
Turks. Russian troops have
crossed the Turkish frontier and
taken eight towns. In addition
the Anglo-French fleet still is
bombarding the forts of the Dar-
danelles and a British cruiser
has thrown shells into a Turkish
Red Sea port in Arabia.

That Turkey has accepted as
her apology for the bombardment
of Russian ports and ships is in-
dicated by her recalling her diplo-
matic representatives from the capi-
tals of the Triple Entente powers.
Several Turkish cabinet ministers have
resigned because of a lack of
sympathy with the war party in
the government.

Great Britain reports that the
Persian minister in Petrograd
has demanded that Russia recall
the Russian forces now in north
Persia.

The British admiralty has
learned unofficially of the naval
fight between German and British
cruisers off Chile but de-
clines at present to accept the
German version of it.

A big German trawler has
been sunk by a mine in Danish
waters.

GERMANY BREAKS TREATY WITH THE UNITED STATES

Former Secretary of State Bacon
Issues Statement.

New York, Nov. 4.—Robert Bacon
former secretary of state, issued a
statement today before sailing for
England in which he said that in
violating the neutrality of Belgium,
Germany broke a treaty which she
had made with the United States
when she signed articles one and
two of the second Hague conference
which stipulated that the territory of
neutral powers shall be inviolate.

"Are we to suffer a nation to
break a treaty with us on what-
ever pretext, without entering at
least a formal protest?" reads the
statement. "Will any one contend
that our neutrality imposes silence
upon us under such conditions?
Are the Hague conventions to be-
come 'scraps of paper' without a
single protest from this govern-
ment? If the treaties which we
made at The Hague are to be so
lightly regarded then why not all
other treaties? As a matter
of fact, it is our solemn duty to
protest against a violation of pledges
formally entered into between
this government and any other
government and we assume a heavy
moral responsibility when we re-
main silent."

"To justify a policy of silence by
the assertion that 'we are fortun-
ate in being safely removed from
this danger that threatens Europe-
an powers' and to urge that as a
reason for us to sit still with hands
folded is as weak as it is unwise."

UNION STOCK YARDS WILL CLOSE NINE DAYS

FOOT AND MOUTH DISEASE EPI-
DEMIC IS WORST EVER KNOWN

Closing Order Goes Into Effect at
Close of Business Tomorrow—De-
cision to Close is Made After Con-
sultation With Stock Dealers,
Commissioners, Packers and Gov.
Dunne.

Chicago, Nov. 4.—The Chicago
Union Stock Yards, the largest cat-
tle market in the world, which has
been in continuous business since
1865, tonight was ordered closed for
nine days because of the prevalence
of the hoof and mouth disease
among cattle.

The closing order will go into ef-
fect at the close of business Friday,
November 6, and continue until the
opening of business on the second
Monday thereafter or November 16.
This makes the cessation of busi-
ness at the yards cover nine days,
including Sundays.

The decision to close was reached
after a prolonged conference of the
members of the state board of live
stock commissioners with all the
leading stock dealers and packers
and after consultation with Govern-
or Dunne.

Sends Out Assistants.
O. E. Dyson, state veterinarian of
Illinois, tonight sent out 135 as-
sistants to various parts of the
state to check the contagion. One
cause of the closing was the asser-
tion of Dr. Ramsey that if the dis-
ease spread to the western ranges
it would be almost impossible to
eradicate it from the country.

Mr. White of Armour & Co., after
the conference, said on behalf of all
the packers:

"I hope that the stock raisers and
meat consumers of the country will
judge this action in its true light.
The plan is to protect all those
concerned, both now and for the future.
It is not a calamity but failure to
extirpate the contagion might be-
come one. The closing of the yards
should not create alarm. The dis-
ease will be wiped out and business
will be restored in a short time.
There is an ample supply of meat
on hand to carry everybody over the
crisis without increased cost. In ad-
dition to meat in storage in Chicago,
slaughtering will proceed at more
western abattoirs, such as Kansas
City, Omaha and St. Paul."

Will Make 35,000 Idle.
The immediate effect of the sus-
pension order will be to stop the
shipment of cattle, sheep and hogs
to the Chicago market which
amounts to almost 100,000 head
daily. This alone, outside of the
meat packing industry amounts to
a daily business of \$1,200,000, and
affects directly and indirectly 35,000
employees.

About 75,000 head of stock now
on hand will keep the packing houses
busy for three or four days, af-
ter which, according to A. G. Leon-
ard, president of the Union Stock
Yards, the entire packing industry
of Chicago will come to a standstill.
In nine days, it is planned, the stock
yards will be thoroughly rid of the
contagion. The proceeds of elimina-
tion will include the destruction of
infected cattle, the disinfection of
cattle pens and the killing of all
rats. After that business is to be
resumed as usual.

It was stated that opinion among
the packers was divided as to the
advisability of closing the yards.
Two of the large packers held that
the best method was to give the
yards at once "a clean bill of
health" and by closing down im-
mediately, enable cattle raisers to
resume shipments to Chicago at the
earliest possible minute.

Representatives of about 125
commission houses in business in
the yards, who are wholly depend-
ent upon cattle receipts, held a night
session at which the closing order
was agreed upon. The order was
that Illinois is quarantined against
shipments within the state as well
as shipments into the state from
points outside. Its effect was that
no livestock is to be sent here even
for immediate slaughter, although
shipments now in transit will be ac-
cepted.

Worst Epidemic Ever Known.
Washington, Nov. 3.—The worst
outbreak of foot and mouth disease
ever known in the United States is
the department of agriculture esti-
mate of the live stock epidemic
which has forced federal quarantine
over six states and threatens a tem-
porary reduction of the nation's
food supply. An emergency appropria-
tion by congress may be required
to finance the campaign to sup-
press the epidemic.

Officials said tonight it would be
a week before they could forecast
the extent to which the food supply
would be affected. They are inclin-
ed to believe however, that the
shrinkage will not be large, in spite
of the inconvenience to which stock
growers and packers will be sub-
jected until the disease is under
control. Every possible effort will
be made to remove handicap upon
the movement of live stock.

The quarantine does not prevent the
shipment of stock from unaffected
districts to slaughter houses within
the quarantined area and there is
no embargo against the shipment of
dressed meat.

Department's Statement.
New York and Maryland were ad-
ded to the list of quarantined states
today. A department of agriculture
statement announcing this said:
"The list of states now quaran-
tined by federal authorities includes
New York, Maryland, Indiana, Michi-
gan, Illinois and Pennsylvania. In
addition to these restrictions have

been placed upon interstate ship-
ments from Ohio although no cases
have as yet been found in that state.
There is reason to fear, however,
that infected stock may have been
sent into Ohio. If this is found not
to have been the case the embargo
will be lifted. Not only has the
disease already spread over an ex-
tensive area but its virulence seems
to be above the average. Vigorous
measures will be necessary to stamp
it out. The cost of suppressing the
last outbreak in 1908 was estimated
at \$299,112.10. In addition the loss
to dairy and stock raisers was heavy.
"Interstate shipments of cattle,
sheep and swine are absolutely pro-
hibited from the states now quar-
antined. Stock cannot even be sent
from one infected state into another.
The federal authorities at present
are engaged in endeavoring to as-
certain the exact area over which
the infection has spread and as soon
as this is known, it will, it is hoped,
be possible to lift the quarantine
from sections now included in it."

The discovery of six hundred in-
fected cattle in the Chicago Stock
Yards was regarded as the most
serious development in the situa-
tion.

TURKISH AMBASSADORS ARE RECALLED BY PORTE

American Embassy Preparing to
Take Over Diplomatic Duties of
Turkish Embassy in London.

BULLETIN.
Constantinople, Nov. 4.—Via Ber-
lin and London.—The Porte has re-
called the Turkish ambassadors to
France and Great Britain, the charge
d'affaires at Petrograd and the min-
ister to Serbia.

London, Nov. 4.—The foreign of-
fice today handed his passports to
the Turkish ambassador Tewfik
Pasha. The ambassador will leave
London tomorrow.

The American embassy is pre-
paring to take over the diplomatic
duties of the Turkish embassy. The
first secretary of the American em-
bassy, Erwin B. Laughlin visited the
Turkish ambassador today to dis-
cuss the details of the transfer.

Tewfik Pasha declined to make
any statement. During the forenoon
he had a conference at the
foreign office and at its conclusion
received his passports. This after-
noon, he again visited the foreign
office presumably for a farewell call.
Meantime the other officials and
the servants at the embassy were
busy packing the documents and
personal belongings of the ambas-
sador and his staff. It is un-
derstood that Sergis Bey, the second
secretary of the Turkish embassy
has resigned for a reason which has
not been explained. It is also said
that Tewfik Pasha did all in his
power to preserve peace between
Great Britain and Turkey.

ENGLISH REPRESENTATIVES END THEIR MISSION HERE

Matter of American Debts Abroad
Will Be Adjusted Through Nat-
ional Avenues of Trade and Special
Machinery Already Set Up.

Washington, Nov. 4.—Sir George
Paish and Basil B. Blackett of the
English treasury have practically
ended the mission which brought
them to the United States and as a
consequence of their conferences
with the federal reserve board and
New York bankers it was indicated
tonight that no further steps need
be taken for the present to arrange
for shipment of American food to
Europe.

The conferences here and in New
York have brought the conviction
that the matter of American debts
abroad will be adjusted through the
natural avenues of trade and through
the special machinery already set
up. The \$100,000,000 gold pool,
the New York City syndicate, and
the American corps are expected to
take care of the present American
debtedness. It is said that it
would not be necessary for the re-
serve board and the bankers to re-
arrange the proposed plan for the
issuance of short term notes to
match the balance in favor of Eng-
land which the gold pool and the
New York syndicate will leave. Sir
George was understood tonight as
to have agreed that no such
issue was necessary and that re-
newed and revived trade with Am-
erica soon would eat up the out-
standing amounts. If this view is
endorsed by his government there
will be no fear by members of the
board that American banks are to be
drained of their gold at the time
when they are about to shift their
reserves, pay subscriptions to fed-
eral reserve banks and in other
ways take up their new lanes of
travel as integral parts of the new
banking system.

F. AUGUSTUS HEINZE, COPPER MAGNATE, DIES SUDDENLY

Became Ill Tuesday Afternoon at
His Home in Saratoga, N. Y.—
Was but 42 Years Old.

Saratoga, N. Y., Nov. 4.—August-
us Heinze, owner of immense cop-
per interests in the west died sud-
denly here tonight.

Mr. Heinze whose legal residence
was Saratoga, came here yesterday
from New York to vote. He became
ill suddenly yesterday afternoon at
the home of his counsel, Judge Nash
Rockwood. His condition grew
suddenly worse and he expired early
this evening.

Mr. Heinze, who was 42 years old,
had been ill since last June with
cirrhosis of the liver. He came here
against the advice of his physician.

Elizabeth, N. J., Nov. 4.—John
Kean, former United States senator
from New Jersey, died here tonight
after a long illness.

SHERMAN RE-ELECTED TO U. S. SENATE OVER SULLIVAN BY PLURALITY OF 6000

REPUBLICAN SENATOR'S GAIN IN DOWN-STATE
COUNTIES IS STEADY

Nearly All Votes In Southern Illinois, Normally Democratic,
Have Been Counted and Fail to Upset Sherman's Plurality
—McCormick Attributes Robins' Small Vote to "Un-
usual Conditions Caused by the War".

Chicago, Nov. 4.—Lawrence Y.
Sherman, Republican, was reelected
to the United States senate over
Roger C. Sullivan, Democrat, by
an estimated plurality of 6,000 or
more, according to the latest re-
turns tonight from Tuesday's elec-
tion. Raymond Robins, Progress-
ive, ran a poor third. With only
300 small rural precincts to hear
from and an average plurality of
22 to the precinct for Sherman out-
side of Chicago, Sherman's down-
state lead was 62,631, as against
a plurality for Sullivan in Cook
county of 56,599.

Down-State Gain Steady.
Sherman's gain in down-state
counties was steady on the average
and his increase kept up constan-
tly. The precincts missing from the
unofficial total are well scattered
through counties that are divided
between Republicans and Democrats
in ordinary years. Nearly all the
votes in the southern part of the
state, normally Democratic, have
been recorded and they failed to
upset the Sherman plurality.

The latest figures showed:
Sherman Sullivan Robins
Chicago 101,275 157,874 87,039
Outside Chicago 2,546 precincts out
of 2,783 257,202 193,614 96,792
Totals 358,477 351,488 183,831
Sherman's plurality with 242 pre-
cincts missing, 6,589.

Senator Sherman Claims 14,000.
Springfield, Ill., Nov. 4.—Senator
Sherman gave out the following
statement just before midnight:
"From the returns received I
have a plurality in 101 counties of
the state outside of Cook county
of 70,000. Mr. Sullivan has carried
Cook county by 56,000. This
gives me a lead of 14,000 in the
state at large. I believe that the
official canvass will confirm this.
It is not only a Republican victory
but has been largely helped by Dem-
ocratic and other voters as well. It
indicates a dissatisfaction of the
voters with at least some of the
policies of the present administra-
tion at Washington. I thoroughly
appreciate the support of my friends,

both in the primary and in the
campaign just closed."
Republicans Make Good Gains.
In the congressional fights, the
Republicans made decided gains, re-
turning Joseph G. Cannon, former
speaker of the house in the 18th dis-
trict, William B. McKinley in the
19th and probably William A. Rod-
enberg in the 22nd districts.

If the final count proves Roden-
berg victorious, the Republicans
will have advanced from four to
twenty members in the lower house,
while the Democrats will have ten
instead of twenty members in the
house. Ira C. Copley of the eleven-
th district is the only Progress-
ive in the place of the three in the
former house.

Small Vote "Caused by War."
Raymond Robins, the Progressive
candidate for United States senator,
ran far behind the record made by
Theodore Roosevelt in 1912. Medill
McCormick, Progressive national
committeeman attributing his small
vote to unusual conditions caused
by the war. "The vote in most
states registers against the tariff
and anti-trust laws," he said. "Un-
der the confusion of the war and
the presence of the general depres-
sion the people did not consider the
alternative of the war presented by
the Progressive program."

McCormick was the one Progress-
ive elected to the state legislature
from Chicago.

The Democrats will have con-
trol of the next state senate, while
the house may be deadlocked. The
Democrats scored heavily in Cook
county in both upper and lower
houses, while down-state the Republi-
cans made marked gains. Among
the new senators are George F.
Harding, Jr., Republican, in the
First district, at present an alder-
man in Chicago; Morton D. Hull,
Republican in the Fifth district,
now a member of the assembly; John
A. Swanson, Republican in the 13th
district; Edward J. Hughes, Demo-
crat, in the 21st district; Joseph A.
Strauss in the 23rd and Daniel A.
Herlihy in the 25th.

MONTANA AND NEVADA GRANT VOTES TO WOMEN

Women Favored in Two of the
Seven States Voting on the Ques-
tion.

Chicago, Nov. 4.—Woman suf-
frage leaders rejoiced tonight when
belated returns indicated that votes
for women apparently had been
granted in two of the seven states
voting on the question in Tues-
day's election, with a third state in
doubt. First returns had indicat-
ed defeat of the granting of the
franchise to women in all seven
states concerned.

Montana and Nevada according to
the latest returns, granted votes to
women, while Nebraska showed
such a small vote against the propo-
sition that the women claimed the
franchise. Montana, Ohio and North
and South Dakota refused to grant equal
suffrage, the vote against granting
the franchise to women increasing
with the size of the population con-
cerned.

In Montana, where workers of the
American Woman Suffrage Associa-
tion made heroic efforts to win the
ballot, the vote was so close that
the official count will be necessary
to decide the outcome, but the wo-
men have a slight lead on unofficial
and incomplete returns.

In Nevada 105 precincts out of
240 gave 3,619 votes for woman's
suffrage and 2,308 against it.
The effect of women's votes on
prohibition in Tuesday's election in-
dicated that women do not unani-
mously oppose saloons.

Women failed in two Pacific coast
states to turn out saloons, although
the exact status of the female vote
on the subject in California and
Washington has not been tabulated.
Both these states voted for the first
time to out saloons and in both
the voting of women is comparative-
ly a novelty. The vote in both
states was large in both states.
The amendment proposed in
California was very drastic and
would have prohibited the manu-
facture of wine, one of the chief
industries of the state. The severe-
ness of the proposed law is given by
leaders of the anti-saloon league as
a possible reason for the defeat of
the measure.

CHAMBERLAIN RE-ELECTED.

Portland, Ore., Nov. 4.—The re-
election of United States Senator
George E. Chamberlain, Democrat,
was assured late today when re-
turns from 669 precincts out of
1,467 in Oregon embracing every
county in the state gave Cham-
berlain 32,574; R. A. Booth, Republi-
can 25,716; William Hanley, Pro-
gressive 6,135.

AMERICAN EXPORT TRADE SHOWS GREAT INCREASE

October Export Balance in Favor of
American Trade Estimated at
\$60,000,000.

Washington, Nov. 4.—Commerce
department officials estimated to-
night that October's export balance
in favor of American trade would
amount to \$60,000,000. That would
be an increase of \$44,000,000 over
September's balance, indicating the
tremendous extent of the trade pen-
gulum's swing since the first month
of the war. In August the value of
imports exceed exports by \$20,000,-
000, but as the sea highways were
cleared and war began to make its
demands on American mills and
granaries, there was an immediate
change in the flow of trade and bal-
ances established to help meet
American obligations abroad.

The department based their es-
timates of October's exports on re-
ports

THE ELECTION OF 1860.

For some reason, in spite of the very poor means of getting the returns in those days, the election of Lincoln and of Yates as governor, in 1860, was known unusually early. In fact, probably every Republican in Jacksonville went to bed election night knowing of his party's success. One reason of getting early returns was perhaps owing to the simplicity of the ballots then used, a thing which might be returned to as soon as possible.

Wednesday night after the election, the Mercantile band came up on the evening train. They consisted of Benjamin H. Grierson, fifer and post-horn player; Samuel P. Thompson, snare drummer and Eugene E. Reyland, player on the bass drum. They had done hero work for the Republicans and came up to rejoice and to serenade Mr. Yates.

A crowd met the musicians at the old Wabash depot on North Main street and accompanied them up to Mr. Yates' office, up stairs over what is now Smith's shoe store on East State street. There Yates was called for and came out upon the awning in front of his office.

As he stood there with uncovered head, the first snow of the season came down lightly upon him.

Mr. Yates since those old times has spent years in the west, but now is residing here. He is one of the very few grown men of that time that can now recall the grand campaign of 1860 and the beginning of the Republican party as a national power, a power likely to be returned in due time.

NAME FORMER RESIDENT POSTMASTER AT LINCOLN

Francis W. Brown is Appointed to Post in Nebraska.

In the list of postmaster appointments sent out from Washington Wednesday was that of Francis W. Brown, named postmaster at Lincoln, Nebraska.

Mr. Brown was the son of Elisha W. Brown, and brother of the late William Brown of West State street. The Brown family came to Ill., originally from Kentucky away back about the "Deep Snow" days. Col. William Brown of Kentucky had been a member of congress from that state. He died soon after coming here. His sons so far as recalled, were Judge William Brown, who was the father of William Finley Brown; Capt. James W. Brown of Island Grove, Elisha W. Brown, latterly of Jacksonville but formerly of Booneville, Mo., where his son William was born. The latter was the father of William of Chicago Lloyd and Alden. Among "Lawyer" William's brothers were Elisha Jr., Robert, James N., F. W., and Washington. There were two daughters of Elisha W., Misses Lizzie and Hallie. Col. William Brown also was the father of Dr. Lloyd W. Brown, late of Jacksonville; and of two daughters, Mrs. Smith of this vicinity and Mrs. Adams who came here from Missouri in her mature life. Mrs. Smith was the mother of J. P. and J. D. Smith, the former now a resident of this city. Mrs. Adams was the mother of Mrs. Brown Adams, who lived on West State street in the Dobyns house. She built the house now occupied by William B. Brown. The latter was a son of Dr. Lloyd W. The latter had one daughter, a beautiful lady of Decatur. F. W. Brown's brother was one of the pleasantest in a pleasant family.

Weather being favorable a number of farmers have begun cribbing corn.

ELECTION RETURNS FROM STATE STILL INCOMPLETE

Sherman Campaign Managers Declare He is Elected by Majority of at Least 5,000—Russell's Fine Showing in Cook County Gives Him Heavy Majority—Canvass Will Be Necessary to Settle Race On County Commissioner.

The official canvass of election returns in Morgan county will begin this morning, with County Clerk Boruff, J. H. Becrup of Alexander, and C. A. Beavers of Litchberry sitting as an election board. No further figures were obtainable from the county yesterday than published in the issue of Wednesday, and there is some little doubt as to the result of the contest between Allison Thomason and David Wilson, candidate for commissioner. The vote as given in the Journal yesterday credited Mr. Wilson with a majority of 34. Other figures made this majority from 24 to 27. There are some inaccuracies in the figures thus far compiled and the result will not be absolutely certain until the official canvass is finished.

So far as other county candidates are concerned, the majorities of the successful ones were so large that the canvass can hardly be expected to make any material changes. On the state ticket and the statehood party, the exact figures will not be known until the official canvass is made some days hence. Dispatches from Chicago, however, make it safe to state that Senator Sherman has been re-elected by a majority of from five to ten thousand. The majority of Andrew Russell as state treasurer will probably run anywhere from 40,000 to 65,000 and the other Republican candidates on the state ticket are also safely elected.

The returns yesterday showed that Mr. Russell had made a much better showing in Cook county than at first reported. His vote in the city of Chicago was 108,947 with 128,925 for Clifford and 30,533 for Pavey. In Cook county outside of Chicago Mr. Russell had a further majority of 9,000 to 10,000 so that the total majority in Cook county against him was reduced to about 11,000. His down state strength was such as revealed by the counties from which returns have been received that his election is now certain by a majority of from 40,000 to 65,000.

There was great variation in the figures issued by the Republican and Democratic chairmen in Chicago Wednesday and Mr. Sullivan's organization is still claiming his election by at least ten thousand. The Sherman campaign managers announced last night that his majority can safely be placed at 5,000. With returns from Chicago in Sullivan's lead is 3,589 and the 422 down state precincts yet to hear from can safely be counted on to offset this lead for Sherman and give him a majority of about 6,500.

The election locally presents some new phases and so great a difference between the majorities for the various candidates was possibly never recorded before. One thing over 700, while one Democrat has a majority of more than 1,100, so that there is a difference between the two of about 1,800 to account for so far as party line changes are concerned. Morgan county is considered, or used to be, normally Democratic by three or four hundred votes, and yet the figures of Tuesday show that a Republican candidate can be elected by so large a margin. It is hard to make the vote for Sherman and Russell show that party lines can still further be shattered so far as national and state offices are concerned. The vote for Raymond Robins, Progressive candidate, will run some where from seven to nine hundred and it is safe to say that a great many Democrats voted for him as well as Republicans, because the total vote given for any Progressive candidate for a county office was only a trifle above one hundred. In Sangamon county the Republican vote was so heavy that it cleaned up everything. Robert S. Smith, Republican, was elected to the senate, William Butler and Thomas Lyon to the legislature, and Edward L. Merritt, Democrat, was the only one to survive the landslide. The majority of Mr. Merritt over Clarence Jones is estimated as about 375. The total vote given for Capt. John E. Wright, Progressive, was not as large as was expected under the circumstances and indicates that while the people realized that Capt. Wright was a high-class man, that this was a Republican year in practically all cases except those strictly local.

The contest between William E. Thomason and John J. Reeve, candidates for judge, was of considerable interest and Mr. Thomason's canvass was marked by unusual diligence and activity. He spent a great many days in the country making an actual house to house canvass and won a great deal of support in this way, as he impressed the people with his desire for the office and also impressed the belief that he would honestly endeavor to perform the duties which would be his if successful. Mr. Reeve's fitness for the office because of extended legal experience was fully acknowledged and he certainly would have filled the office with special acceptance.

In his contest with Mr. Hughes, County Clerk Boruff had a decided advantage in the fact of organization and from the added fact that under usual conditions a county clerk who has proved efficient may succeed himself.

The majority given William Masters over George L. Stice, Republican, in their contest for the trusteeship, looks more nearly normal than the figures for any other office.

WANT TO TAKE CROWD TO SEE FOOTBALL GAME

Illinois College Authorities Trying to Secure One Hundred Passengers on Wabash to See Illinois-Millikin Football Game.

A plan is under way to secure one hundred citizens to join the excursionists via the Wabash to Decatur Saturday to witness the big football game between Illinois college and Millikin university. The Wabash railroad has promised a special train back after the game if that number of people can be secured. The college expects to send sixty and they want to get forty from the citizens. A number have already signified their intentions of going. If plans are perfected the college band will go along. Parties can take this trip who are going on to Chicago via Decatur. The Wabash train will leave at 8:30 a. m. regular time. Those who intend to go would do a great favor if they would call President Rammelkamp's office and inform the college of the fact.

Planning Big Time.
Millikin university is planning to have a big time next Saturday on the occasion of the game. They will hold a home-coming and it is expected that there will be one of the largest crowds in the history of football to witness the crucial contest. They will have a parade and at night a bon fire will be enjoyed, including a number of speeches from the students and members of the faculty. Coach Price is putting his men through the hardest kind of practice in anticipation of the coming contest.

Title to Illinois College.
The Bloomington Pantagraph says as follows: "Illinois college of Jacksonville, the team which had such a hard time in defeating Wesleyan here Saturday, is a favorite for the minor college championship in football in the state of Illinois. Coach Harmon has a great team, one of veterans, who, do as they are coached and are great under fire. Their performance here Saturday in running up twenty points, after Wesleyan had twice taken the lead, is an example."

"William and Vashti has been claiming great things. Millikin put a stop to their boasts last Saturday, shutting them out 9 to 0 on a touchdown, goal kick and a safety. There is no denying the fact that William and Vashti plays better at home than abroad. Wesleyan defeated them 3 to 0 last year on Wilder field, then they proceeded to win from all comers at Aledo."

HERE are some statistics gathered from the records of the Cigar Makers International Union. They are interesting at this time. They show the effects of the economic organization, which uses this label.

In 1890, 49 per cent of the amount expended for sick benefit went to those suffering from tuberculosis.

In 1910 the total amount expended for sick benefits was \$189,438.59, of which amount about 21 5-10 per cent, or \$40,729.30, was paid to members suffering from tuberculosis.

In 1911 the total expended for sick benefit amounted to \$201,296.03, of which amount 20 1-10 per cent, or \$40,460.50, was paid to members suffering from tuberculosis. This shows a reduction of 28 9-10 per cent in 21 years.

These figures are based on a general average, while as a matter of fact, those suffering from tuberculosis are more generally sick, and hence more liable to draw sick benefit, so that the average amount is necessarily and reasonably not fully covered in the figures given.

HOG FEEDERS

Pat. Applied for 100 bu. size.

We have at last discovered the best and healthiest hog feed. It is 1-2 corn and cob meal, 1-4 wheat and 1-6 oats cooked until 10 bushels will make 25 bushels in bulk, then draw off 25 gallons of syrup, and add 50 gallons of water and then add 25 gallons of ground wheat and oats to thicken the slop, feed it warm if possible. This will make 100 gallons of the best slop ever fed a hog.

Come and see 160 head I am feeding on 10 bushels of this mixture of dry grain per day and you surely will be convinced it is the only way to feed. They are running on my wheat stubble sown in clover, all eat regular and perfectly healthy. If I tell you what they are gaining you could not believe it. So come and see them, and you will say they are doing better than hogs fed twice the amount of dry grain.

Yours for producing more beef and pork.

A. E. JONES KILLED BY ALTON TRAIN NEAR HILLVIEW.

A. E. Jones, a resident of Roodhouse was run down and instantly killed by a freight train of the Chicago & Alton near Hillview Wednesday afternoon at 4 o'clock. Mr. Jones had gone to Hillview to visit his sister, Mrs. Boyd. He was walking along the curve about 200 yards east of the Hillview station at the time of the accident. There were two freight trains, one on the main track and one on the siding. The trains were signaling to each other and Mr. Jones became confused and stepped in front of freight engine No. 87, west bound. It was on account of the curve that the engineers could not see the man.

Mr. Jones was 76 years of age and was born in Greene county and had practically spent all his life there. For a number of years he followed the occupation of a cobbler. He was twice married, his first wife being Miss Hannah Tucker. Coroner Carmody of Carrollton and Undertaker Bundy of Roodhouse went to Hillview last night to take charge of the body, which will be taken to Roodhouse tomorrow, where an inquest will be held today.

SICK, SOUR STOMACH, INDIGESTION OR GAS

"Pape's Diapepsin" Makes Upset Stomachs Feel Fine in Five Minutes.

Wonder what upset your stomach which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary—advertisement.

TURKEY AT WAR WITH FOUR NATIONS**APOLOGY PROVES UNACCEPTABLE TO TRIPLE ENTENTE**

TURKS BREAK DIPLOMATIC RELATIONS WITH SERBIA, RUSSIA, FRANCE AND GREAT BRITAIN. — GERMAN WARSHIPS APPEAR OFF ENGLISH COAST.

London, Nov. 4.—Turkey has definitely broken off diplomatic relations with Great Britain, France, Russia and Serbia. Her diplomatic representatives in the capitals of these countries, acting on orders from the Porte today demanded and received their passports. Some already have left their posts while the others will depart tomorrow.

Although no statement to this effect has been given out it is understood that Turkey's apology for the actions of her fleet in bombarding Russian Black Sea ports and Russian ships proved unacceptable to the powers of the Triple Entente in that Turkey was not prepared to accede to the demand that the German officers in her service be dismissed and the ships purchased from Germany dismantled.

The powers which the Ottoman government thus defied are already taking warlike action against Turkey.

The British have destroyed Fort Akabah in Arabia, the Russians have invaded Asia Minor and an Anglo-French fleet is bombarding the forts of the Dardanelles.

Now that Turkey has aligned herself among the nations at war, speculation is rife as to what the other Balkan powers will do. Greece is said to be preparing to take sides with the allies, while Bulgaria has given assurance of her neutrality. Bulgaria, however, is mobilizing for as a Bulgarian diplomat said, "with Turkey in the area of the war Bulgaria must be prepared for any eventualities."

Germans on English Coast.

Next to the Turkish situation the appearance of German warships off the coast of England is causing most of the discussion in this country today. There is a disposition among naval men to believe that no serious raid was intended but that the Germans hoped to induce British warships to follow them and by laying mines as they retired, to catch some of the bigger ships as they did the submarine D-5.

The fact that the Germans did lay mines seems to indicate to the naval experts here that the ships engaged in this work were old ones. These experts argue that Germany would not take such risks with new vessels. As if to prove their contention the experts say that the firing at the British cruiser Halcyon, which resulted in slight damage to that vessel showed that the Germans were not armed with modern guns.

No Change in Situation.

The official reports of the fighting on land as issued today record only advances at various points and repulses of enemy attacks at others. There is, in fact, no great change in the situation, according to these reports. It is definitely announced that the Germans have given up their positions along the Yser, having been driven out there by the flooded country and the gun fire of the allied troops and warships.

The Germans, however, have kept up their attack on the allies' lines around Ypres, where the British troops are fighting. Although there is evidence that the new main effort of Emperor William's forces to break through at this point has not yet really commenced, the Germans continue to bring up reinforcements and, under the eyes of the emperor, are preparing to make another big attempt to get through to the coast. Military men here say that the allies have just as good means for bringing reinforcements to their lines as have the Germans and express confidence that a new attack will prove as fruitless as previous ones.

The Indian troops and the pick of the English territorial forces have distinguished themselves in the fighting and come in for compliments.

For the trend of events on the East Prussian frontier reliance has to be placed entirely in the Russian report as the German headquarters say nothing about it. The Russians, according to a Petrograd report have successfully met a German offensive movement from East Prussia and the Germans now are retreating across their own frontier leaving large quantities of arms and ammunition behind them.

In Poland still, according to the Russians, the Germans are continuing to fall back while further to the south the Russians at last have the Austro-German forces, forming their right wing, on the move and have occupied the important towns of Kielce and Sandomir and taken a hundred officers and 15,000 men and several dozens of cannon and machine guns.

Expect Formal Notification.

Washington, Nov. 4.—Government officials expected to receive tomorrow from Great Britain and France a formal notification of the existence of a state of war with Turkey. The severing of diplomatic relations at London and Bordeaux, where the Turkish ambassadors respectively were handed their passports, was regarded as the last chapter of a futile attempt on the part of the conservative members of the Ottoman cabinet to avert war.

President Wilson has hesitated to issue a proclamation of neutrality until the situation became more definite. A notification by the powers of the triple entente of the existence of a state of war with Turkey is now expected as a matter of

course, following the official statement at Petrograd that Russian troops have crossed the Turkish frontier and the official announcement of the bombardment of the Dardanelles forts by an Anglo-French fleet.

American missionaries are not apprehensive of any anti-Christian outbreaks as a result of the war, according to private advices reaching here. That hostilities were inevitable has long been realized by the missionaries and they have prepared for all emergencies. Some of the missionary societies have advised their workers to go to coast towns from the interior, but Ambassador Morgenthau has given no indication that such a course is necessary and of their taking it for granted that Americans are safe and will not be molested.

Financial conditions in Turkey for Americans have been relieved not only through private interests, but through the arrival of the American cruisers North Carolina and Tennessee. The fiscal arrangements established by the ambassador to American missionaries and institutions is declared to be working smoothly and ample funds are said to be available for emergencies.

Russian Announcement.

Petrograd, Nov. 4.—The following official announcement from the Russian general staff headquarters was given out here tonight:

"A sudden change has been noted since November 3rd on the East Prussian front where the enemy, which recently has been on the defensive, almost everywhere has begun to fall back at certain points. This retreat is precipitate on the left wing of the enemy which was vigorously thrown back toward Biala and Lyck. Our troops took Bakalarjevo, capturing a large quantity of arms and ammunition and making prisoners of a German company."

On the left bank of the Vistula the Germans continue their precipitate retreat towards the frontier. Their rear guards have been dislodged from Kolos and Przedborz. On the morning of November 3, we drove back the Austrians toward Kielce, which place our troops occupied, making six hundred prisoners and taking machine guns. On the same day we won a decisive victory over the Austrians on the whole front from Kielce to Sandomir. The enemy fell back with all speed. Our troops took Sandomir, which is an important strategic point.

"In the region south of Kielce during the past week we have made prisoners of 200 officers and 1,500 soldiers and we have taken a large number of cannon as well as machine guns. During the night of November 3, the Austrians made a series of attacks which were fiery but futile and they retired. Our troops took a firm footing in the region of Nisko and Rudnik. "There is nothing to report from the rest of the front. "The Turkish fleet is concentrated in the Black Sea with a base on the Bosphorus. They are apparently trying to avoid fight with our forces."

Belgian Official Report.

Havre, Nov. 4 (via Paris).—The Belgian minister of war today made public an official report received by him from Furnes, on the Belgian coast half way between Dunkirk and Ostend, the text of which is as follows:

"Detachments of allied troops, which today pushed ahead as far as Lombardzyde, on the Yser front below Schoorbaek, failed to discover any of the enemy. Only small detachments of artillery still remain in the direction of Westende and to the north and east of Schoorbaek. Small portions of the enemy's rear guard are still holding several bridges and farm houses on the left bank of the river near Stuyvenkerke."

"An almost unbroken column of the enemy composed of all arms and extending from Leke to Thourout has marched in an easterly direction. No forces of the enemy of any importance are reported east of the Yser but several supply trains have proceeded from Thourout in the direction of Roulers and Deynze on the Lys."

"It is confirmed that the heroic resistance of our troops on the Yser and the successful intervention of detachments of the allies caused considerable losses to the Third and Twenty-second reserve corps of the enemy and mowed them down to the extent that their check amounts to a real disaster."

"To the south of the Yser the Twenty-third German reserve corps was obliged to give ground before the offensive of the allies. To the east of the Yser, between Bixchoote and Zonnebeke, the situation has not been modified."

"Between Zonnebeke, Wytschaete and Messines the allies, despite furious attacks of the enemy, maintain all their positions."

"In the region of Armentieres and south of the Lys the action is confined to intermittent cannonading."

From Austrian Headquarters.

Venice, via Paris, Nov. 4.—The Vienna Neue Presse publishes the following statement from its correspondent at the Austrian army headquarters:

"Our losses are now much lessened in fixed battles and storming assaults. Attacks made between August 12 and September 12 required much greater sacrifices than has the fighting since then, the latter engagements having been fought from protected positions."

Vast numbers of wounded soldiers now are arriving in Vienna daily from the front and if the early losses were much greater than the present they must have been tremendous. The Vienna Neue Presse Tagblatt, on Monday and Tuesday of this week published eighteen closely printed pages of the twenty fifth list of killed and wounded, this section being made up of the names alphabetically arranged from A to S the whole of the 26th list and that part of the 27th list, from A to P. This newspaper

is considerable behind in its publication of names since the first part of official list number forty-two, containing the names of officers only already has appeared. The Reichspost, the Austrian military organ, betrays alarm over what it says is an attempt by Russia to bring about a reconciliation between Bulgaria and Serbia. This paper's Sofia correspondent sends a despatch saying that a political agent of the Russian emperor recently went to Nish, Serbia, where he had a long conference with the crown prince and the president of the council. The Russian minister to Serbia also was present at these meetings. The correspondent says that several important questions regarding Rumania, Serbia and Bulgaria were discussed.

A significant report has reached Vienna from Cracow, capital of Galicia. It is to the effect that the military authorities in Cracow have forbidden the further return of refugees and also have warned the civil population to keep far away from the fortifications.

Compliments Indian Troops.

London, Nov. 4.—The official press bureau in a statement issued today pays tribute to the bravery and adaptability of the Indian troops now serving in France and Belgium, saying that they are performing a great work notwithstanding the fact that the nature of the country in which they are fighting is entirely different from that to which they are accustomed.

General French, commander in chief of the British forces in the field has expressed himself as greatly pleased with the bearing of these troops and has sent the following message to the Indian corps commander:

"Please congratulate your Indian troops on their gallant conduct and express my gratitude to them."

King and Queen See Canadians.

London, Nov. 4.—King George and Queen Mary, accompanied by a small suite, today visited Salisbury Plain where they inspected the Canadian troops who have been encamped there since their arrival in England. The king expressed pleasure at having the opportunity to welcome to the mother country this body of soldiers.

"Their prompt rally to the Empire's call," said King George, "is of inestimable value both to the fighting strength of my army and in the evidence it gives of the solidarity of the empire. The general appearance and the physical standard of the different units are highly creditable and I am glad to hear of the serious and earnest spirit which pervades all ranks."

Eight Vessels in Engagement.

London, Nov. 4.—That four German dreadnaughts and four German cruisers took part in yesterday's engagement off the east coast of England is confirmed by the crew of the steam drifter Garrigill. According to the skipper of the drifter the German ships appeared through the mist about 16 miles east, northeast of Lowestoft at 7 o'clock in the morning. The firing at the British cruiser Halcyon lasted fifteen minutes.

The skipper also says that two British submarines, in addition to the D-5 which was sunk by striking a mine, pursued the Germans.

Austrian Despatch.

Manchester, Mass., Nov. 4.—The following official despatch which was received by wireless from Count Berchtold, secretary of foreign affairs was made public here tonight by the Ambassador from Austria-Hungary:

"The situation in Galicia is unaltered. Until now 2,500 Russian prisoners have been brought in from recent fighting. Our Hussars yesterday surprised a Russian ammunition column at Ryblik in Strzawley and captured many wagon loads of artillery ammunition."

Bombards Arabian Town.

Bulletin, Eos, London, Nov. 4.—The British cruiser Minerva has bombarded the Arabian town of Diddah (Jiddah) on the Red Sea.

Severe Fighting on Yser.

London, Nov. 4.—A despatch to Reuters' Telegram Co., from Amsterdam says:

"According to the correspondent of the Telegraph at Sluis the fighting on the Yser was very severe yesterday. It is reported the Allies forced the Germans back to the village of Jabbeke between Ostend and Bruges. Several trains filled with fresh troops from Ostend passed through Bruges without stopping."

"The Germans at Bruges are expecting an attack from the Allies."

The Scharnhorst and Gneisenau

It is certain that the Scharnhorst and the Gneisenau and the Nurnberg arrived safely at Valparaiso though somewhat the worse for their encounter with the British.

One report has it that the Glasgow, badly damaged, arrived in Corneio Bay, while the Oranto escaped to Puerto Montt. It was impossible to determine the exact movements of these two vessels, following the naval action.

Rippling Rhymes

End of the Season

Once more the baseball season's ended, the fans dispersed—it seems a shame; the magnates sit in grandeur splendid, and wonder what has queerred the game. And for their trouble they have reason, the grand old game has seen a slump; it's been a dark, dreary season, with all things headed for the dump. I long have been among the stayers, the fans who never missed a game; but I've grown tired of chesty players who hanker less for honest fame, than for the staid big and bulky, who haggle for all coin in sight, and falling that, get some and sulks, and break their contracts left and right. I'm weary of the famous pitcher, who puts a fortune in his jeans, and then, to make himself still richer, writes twaddle for the magazines. I'm tired of all the human factors who constitute our baseball teams, and at off times are tin-horn actors, with monologues which give bad dreams. They all seem crazy for the shilling, the pound, the krona and the yen, and (baseball won't be gay and thrilling till we get back old ways again. I care not for self advertisers, who sing their glory till it's stale, nor care to see a squad of misers performing for a roll of kale.

French Communication.

Paris, Nov. 4.—The war office this evening made public the following official communication:

"There is no important modification in the situation to report."

"In the north we have made slight progress toward Messines."

"To the east artillery duels at several points of the front have taken place without any great results, notably at the west of Lena, between the Somme and the Ancre in the Argonne and in the forest of Apremont."

Copenhagen, via London, Nov. 4.—A large German trawler has been destroyed by a mine south of the Danish island of Langeland in the Great Belt. The fate of her crew is not known.

No Word From British Ships.

Santiago, Chile, (Nov. 4).—No word came today from the British ships that engaged the German squadron off Coronel Sunday and the British side of the story is yet to be told.

According to German accounts their armored cruisers Scharnhorst, and Gneisenau and the light cruisers Nurnberg, Leipzig and Bremen escaped unscathed while the British cruiser Monmouth was sunk, the cruiser Good Hope put out of action and the cruiser Glasgow with the transport Oranto sent scurrying for shelter in the neutral port of Talcahuano, where they are bottled up by the Leipzig and Bremen.

It is certain that the Scharnhorst and the Gneisenau and the Nurnberg arrived safely at Valparaiso though somewhat the worse for their encounter with the British.

One report has it that the Glasgow, badly damaged, arrived in Corneio Bay, while the Oranto escaped to Puerto Montt. It was impossible to determine the exact movements of these two vessels, following the naval action.

WOMEN'S WOES
Jacksonville Women Are Finding Relief at Last.
It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know.
Mrs. J. H. Allen, 430 S. Main St., Jacksonville, says: "I can strongly recommend Doan's Kidney Pills, for they did me a world of good. Often I was so dizzy that I couldn't see and I also felt nervous. My kidneys were weak and I had back-ache. Doan's kidney pills fixed me up in good shape."
Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Allen had. Foster-Milburn Co., Props., Buffalo, N. Y.—advertisement.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.
(When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.
You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

SAGE TEA DARKENS HAIR TO ANY SHADE
Don't Stay Gray! Here's an Old-time Recipe That Anybody Can Apply.
The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.
But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.
A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

WORLD'S MARKET NEWS

RECORD EXPORT SALES MAKE STRONG MARKET

**ESTIMATED THAT FOREIGNERS
PURCHASE 3,000,000 BUSHELS
OF WHEAT.**

Difficulty Appears to Be in Finding
Sellers—Corn and Oats Are Also
Governed Chiefly By Export De-
mand.

Chicago, Nov. 4.—Record break-
ing sales to export houses brought
about a strong market today in
wheat after a temporary break at
the start. The close was buoyant
at 1 1/2c net advance. Corn finished
1 1/2c to 1 3/4c up and oats with
a gain of 3/4c to 1c. In
provisions the outcome varied from
5c decline to a rise of 2 1/2c.

It was estimated that foreigners
today bought fully 3,000,000 bushels
of wheat. The difficulty appeared
to be to find sellers, for there were
plenty of predictions that contracts
would prove hard to fill, especially
so in regard to nearby shipments.
According to generally accepted fig-
ures, more than fifty million bushels
have been purchased to clear from
the United States by January 1.
Nevertheless, cash and export houses
here were continually on the alert
today for spot wheat or December
delivery and appeared to give lit-
tle heed to any question of price.

Corn and oats as well as wheat,
were governed chiefly by the export
demand. Europeans bought 350,000
bushels of corn here and it was
said that more than one million
bushels had been similarly disposed
of within the last week cleaning up
the Chicago stock and considerable
new corn now in transit. Exporters
today took 1,000,000 to 1,500,000
bushels of oats. Venturers com-
bined found themselves in a pinch
when they tried to cover.

NOT HOW CHEAP, BUT HOW GOOD!

We are not in the furnace business to see how cheap we can build them. The trade of cheapening is one we never served in apprenticeship. It isn't worth a candle. The only way to get satisfaction out of furnace work is to do it as well as it can be done. We don't claim to have the cheapest furnace, but we do claim to give you more

GOOD, HONEST, FURNACE VALUE

than you can obtain elsewhere. You must not lose sight of the fact that in buying a cheap furnace you pay for what you get, and since the dealer who sells cheap furnaces makes as much profit as the one who puts up a good one, there is a great temptation to use the cheap price as a bait.

The hot air system of heating is growing in popular favor every day because it gives the most perfect circulation and greatest amount of pure fresh air. If you want a perfectly heated home let us install a

THEN and NOW

NOVEMBER 5, 1914

One hundred and thirty-three years ago today the "America," the 74-gun line-of-battle-ship was launched at Portsmouth, N. H. This was known as the first American man o'war. If the word dreadnought had then been in use the America would have been its nation's first dreadnought. It was in that day a most formidable battleship and was built under the direction of Paul Jones, the most famous naval hero of the Revolution, and it was built for Jones to drive the British from American waters. When Jones returned to Philadelphia in February, 1781, from Europe after his battle on the Bon Homme Richard with the Serapis, Congress tendered him a vote of thanks. For months thereafter he spent his time designing and working out the details of his new ship in the hurry to get it to sea. But it took time then as well as now to build a battleship and before the America could be finished the war ended. Congress then presented the America to France for the 74 gun French ship "Magnifique" destroyed in the harbor of Boston. Jones then joined the Russian Navy and the first line-of-battle-ship the United States ever built never had the opportunity to show its fighting power under the American flag and with an American crew.

REAL ESTATE TRANSFERS.

One of the largest realty transfers recorded recently was that of John Flinn to George V. Flinn Wednesday. A quit claim deed was made by the grantor to a farm of 194.77 acres and the consideration was given as \$43,875. The land lies in the Prentice neighborhood and is well improved and of high quality.

Thomas Willerton to John Downs, lots 3-6-7 and 8 in Holmes addition to Lynnville, \$150.

Patrick Devlin to Camp 912 M. W. A. part lot 3 block 36 city addition to Jacksonville, \$1.

Today the giant super dreadnought "Pennsylvania" is to the battleship "Connecticut" as the gunship America was to the Bon Homme Richard in which Paul Jones first made the American Navy a power on the sea. When the Bon Homme Richard defeated the Serapis the American nation numbered less than 3,000,000 people. Today America has more than 33 times that number of people but has a navy more than ten thousand times as strong as its little navy at its best in the Revolution. One of our smallest gun boats could sink the whole fleet of brigs and schooners of 1776 and perhaps whip the entire British navy of that day. A battleship could whip all the navies of the world in the days of our Revolution and this statement would probably hold good until the iron clad came into full possession of the sea. The Pennsylvania cost to build and equip over \$14,000,000, money enough to build all the wooden warships of the world in 1776. An hour's broadside from the Pennsylvania would cost the government more than the building of the first battleship America did.

ANOTHER PRONOUNCEMENT ON HIGH SCHOOL DANCING.

A viva voce vote of Parent-Teacher's association members of the 3rd ward in session Wednesday afternoon at the Franklin school showed decided opposition to the proposal to permit students to hold social functions with dancing in the new grammar school gymnasium. A member of the student committee made a plea for permission to conduct properly conducted dances there and called attention to the practice of other cities, where such dancing is allowed.

Miss Katherine Olmsted, public health nurse, was present and made a short talk on plans for the open air school. On the dancing question 35 voted no, two did not vote and the teachers took no part in the matter.

Miss Janette Powell gave selections from Tom Brown's School Days in a very interesting manner and all present seemed to enjoy the occasion exceedingly.

PRIEST IS BELIEVED TO BE INSANE

This Theory Alone Seems to Account For Murder Committed by Father Mullen.

Chicago, Ill., Nov. 4.—When the inquest into the murder of Thomas J. Patterson, a Chicago ticket agent, is resumed tomorrow, it is believed that the circumstances in this remarkable affair will establish the mental derangement of Rev. Father J. J. Mullen, a much loved Chicago pastor, who is held in the county jail charged with the deed.

The clergyman was studious and ambitious, and new honors were about to come to him from Rome. He was soon to have left his beloved parishioners of the Holy Rosary church to take an important office at the head of a religious order in Rome. His followers believe that worry over leaving them, or perhaps a mental breakdown from study and overwork, caused the tragedy which has come into the young priest's life and wrecked it.

"I kill a man? I never harmed anyone in my life," was the statement Father Mullen made to a friend who interviewed him in the jail.

The stabbing affair took place on October 29, at Hillside, near Mount Carmel Cemetery. Behind the killing is a story of an automobile ride into the country to pick mushrooms, a riot in a saloon, and fighting outside in the street. Father Mullen had gone to Hillside with Paul Simononi, one of his parishioners. Simononi declares they had lunch together at the saloon, and that while eating, the priest suddenly became violent. He threw his untouched glass of soda on the floor and began giving. The saloon keeper tried to quiet him, but the priest ran from the place, says his companion. Later Father Mullen ran toward the railroad station, and it is there that the ticket agent, Thomas J. Patterson, was fatally stabbed. His companion believes that the clergyman mistook Patterson for an enemy.

The details of the affair will be unfolded at the hearing tomorrow, for a thorough investigation was completed today. Many of the parishioners will attend. That insanity will be the priest's plea as an explanation of his act was indicated by his attorney, Leroy K. Hackett, in a statement made after the postponement of the inquest.

"I think it would be best to commit Father Mullen to some place where suitable observations of his condition may be made," he said.

Fred Patterson, son of the murdered man, declared he was satisfied the assault was without provocation, but that there are circumstances that might explain the clergyman's act.

afterward: "I found a scalp wound on his head. There is no doubt that he is suffering from concussion of the brain, which accounts for his strange actions."

State's Attorney Quinn, who was assigned to the case, visited Hillside and went over the scene of the killing. He interrogated many witnesses and found conflicting stories. He learned that when the pastor reached the railroad station after his flight from the saloon, an altercation arose with Patterson. Father Mullen plunged a knife into the ticket agent's side, he says, and left him to die outside the station door.

Simononi, the companion of Father Mullen, was arrested, but was later released on the promise of his attorney to be present at the inquest tomorrow.

FAVORITE BASE BURNERS

FOR WINTER COMFORT

"It's all
in the flues"

Have You Seen This Poster?

It Tells the Story of a Wonderful Heating Stove

We wanted you to get acquainted with the Favorite Base Burner—that's why we had the city covered with these beautiful colored posters that you see everywhere.

We knew that if you once became familiar with the superior points of the Favorite as compared with other base burners—learned that it actually has no equal in beauty, durability, and fuel-economy—you would buy no other heating stove.

The Favorite will keep every part of your house warm all winter, and do it with from 2 to 3 tons of coal. Every square inch of this unequalled stove radiates volumes of heat which constantly circulates throughout the home, maintaining an even temperature, night and day.

The Favorite is built in a plant erected especially for the production of fine stoves. Only expert workmen are allowed to take part in its construction. Sixty years of stove experience are concentrated in it.

The many exclusive features that make the Favorite

supreme among heating stoves are all patented, and can be found on no other stove. You will find the principle reason why it is the best in the celebrated Separated Flue construction—and this feature is patented. Why not save two or three tons of coal this winter with a Favorite? You will

get more warmth and satisfaction, too.

Here is Our Offer

Put the Favorite in your home. Try it for thirty days, two months, all winter, if you want to. Then, if you do not find that everything we have said of it is true, we will take back the stove, and refund your money. Can you think of a fairer proposition than that?

We could not afford to make this offer if we did not KNOW that the Favorite would back us up and do just what we claim for it. But we are positive that after you once tried the Favorite you would not part with it for twice what it cost you, if you could not get another just like it.

If money counts—if comfort counts—if the health and happiness of your family count—you cannot afford to buy or use any heating stove but the Favorite.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and cleanse the system without griping. People afflicted with bad breath and quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system.

They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. P. H. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

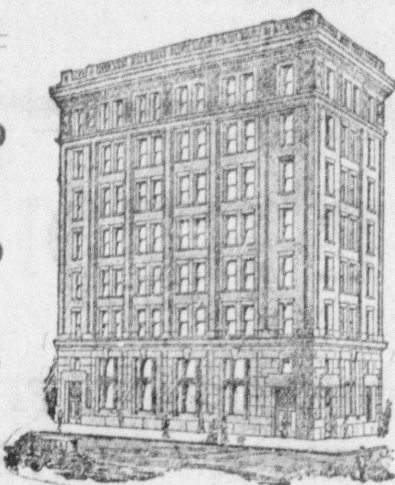

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil. You will know them by their olive color.

Take one or two every night for a week and the effort is over and the bad breath is gone.

OHIO AND CALIFORNIA
VOTE TO RETAIN SALOONS

Results in Washington, Colorado, Oregon and Arizona Still in Doubt.

Chicago, Nov. 4.—Two of the six states that voted Tuesday on the question of ousting saloons decided to retain barrooms while four on latest returns tonight apparently extirpated the selling of alcoholic drinks.

Ohio and California voted in favor of retaining saloons, while the result is in doubt in Washington, Colorado, Oregon and Arizona. In complete and unofficial returns for these states show slight leads in favor of ousting saloons.

The latest returns from Washington cover only about half of the state and indicate a small majority against saloons. Anti-saloon league workers assert that later returns from rural regions will make the state dry. The vote in 1,026 precincts out of 2,053 gave 76,605 for saloons and 76,961 against.

INTERSTATE COMMISSION
DECIDES LONG CONTESTED CASE

Washington, Nov. 4.—In the long and bitterly contested case involving allowances made by the trunk line railroads to the Manufacturers Railway company of St. Louis, the Interstate Commerce Commission held late today that they should not exceed \$2.50 a car above the regular freight rates from points in other states to St. Louis.

The commission declined to establish joint rates between the trunk lines and the manufacturers' railway but held that if the trunk lines should elect voluntarily to establish such rates, "the division thereof which they may lawfully pay to the Manufacturers railway may not, in view of the common ownership of a majority of the stock of that carrier and of the Anheuser Busch Brewery Association, its largest shipper, be more than just and reasonable for its service."

FUNERALS

McKee.

The remains of Mrs. Margaret McKee arrived in Jacksonville from Chicago at seven o'clock Wednesday morning over the C. & A. railroad. They were accompanied by her son Hugo and her daughter Margaret, and Rev. Mr. Allison, pastor of the church of which the deceased was a member. On arrival the remains were taken to Northminster Presbyterian church.

Funeral services were held at 9 o'clock Wednesday morning in Northminster church, and were conducted in the presence of a large assembly of friends of the deceased and of her family by Rev. W. E. Spooner assisted by Rev. Mr. Allison of Chicago. The singing was by Mrs. Jennie DeFreitas and Mrs. Jennie Scott. The floral tributes of sympathy were cared for by Miss Helen Cafky and Miss Inez Pires. The bearers were H. H. Stephenson, Joshua Vasconcellos, E. C. Andrews, J. P. Corriea, A. P. Vasconcellos and J. A. Vasconcellos. Interment was in Jacksonville cemetery.

Eisele.

The remains of Mrs. William Eisele of New Berlin who died suddenly at St. Elmo, Fayette county on Monday while on a visit were taken to the family residence in New Berlin, where funeral services were held at 12 o'clock noon on Wednesday and were conducted by Rev. J. J. Wilson of New Berlin in the presence of a large assemblage of relatives and friends of the family. Interment was made in the family burial lot in the cemetery at Waverly.

Mrs. Eisele was a daughter of Mr. and Mrs. Henry Tietjen and was born at their home in Waverly, Nov. 2, 1869 and her death occurred on the 54th anniversary of her birth. She had been to Waverly for a brief visit at the home of her mother and had gone to St. Elmo, Fayette county on a visit with friends when she suddenly became ill and very unexpectedly passed away. She is survived by her husband, three sons, two daughters, and by her mother and two sisters, who reside in Waverly.

MORTUARY

Babenhausen.

The remains of Miss Carrie Babenhausen are expected to arrive in the city at noon today over the C. & A. railroad, and will be taken to the Reynolds undertaking parlors on West State street, where funeral services will be held at 2:00 o'clock this afternoon, conducted by Rev. J. W. Miller, pastor of Grace church. Interment will be made in the family burial lot in Jacksonville cemetery.

Miss Carrie Babenhausen was a daughter of Mr. and Mrs. Herman Babenhausen and was born in Jacksonville Feb. 22, 1869, and at the time of her death she was 54 years, 8 months and 10 days of age. She grew to womanhood in this city, where she received her education and where she was favorably known and was appreciated by a large circle of friends. About nine years ago she and her brother Henry went to Joplin, Mo., where they successfully conducted a restaurant. One year since they disposed of the business and went to Cleveland, Florida, where they purchased an orange orchard and engaged in truck gardening and fruit growing.

As no facts were coming to hand in regard to her illness and death and she had made no mention in letters to relatives in regard to the condition of her health it is surmised that death came to her unexpectedly.

Her remains will be accompanied here by her brother Henry from Florida and her brother, C. A. Babenhausen of St. Louis. She is survived by her sister, Mrs. Lizzie Struck, of North Prairie street, this city, her sister, Mrs. Hannah Franks of Los Angeles, Calif., and her brothers, Gus of St. Louis, and Henry of Florida. The family residence in this city was on East College avenue at its intersection with Clay avenue.

Shaffer.

Henry Shaffer died Wednesday at the Passavant hospital after an illness with arterio-sclerosis. Although a sufferer for some time from this affection, his death was unexpected. Just prior to his passing he seemed to be in usual health. Mr. Shaffer was born in England, December, 1844, and has for many years been a resident of the Shiloh community. He left England in 1868 and came directly to Illinois, where he has since resided, pursuing the occupation of a farmer. Mr. Shaffer was born in Worcestershire and was the son of Henry and Elizabeth Powell Shaffer. Deceased was a member of the Shiloh M. E. church and was accounted one of the county's most substantial citizens. He leaves one brother, Alfred Shaffer of Virginia, Ill., and is survived by the following nieces and nephews: Miss Nellie Wild, residing in England; Mrs. J. F. McAnally, Buffalo, Ill.; Miss Nellie Shaffer, Virginia, Ill.; and the Rev. Alfred Shaffer, Shiloh, Ill.

The remains were brought to the undertaking parlors of W. W. Gilliam and were taken on the 3:05 C. P. & St. L. train to Virginia where the funeral will be held Friday at 2 p. m. from the residence of Mr. Shaffer's brother, Gimbel.

Mrs. Ida Gimbel of Chapin died at 12:30 o'clock this (Thursday) morning at Passavant hospital, aged forty-six years, four months and twenty-eight days. Her maiden name was Ida Pruett, daughter of Robert and Mary Pruett, and she was for many years a resident of Scott county.

Mrs. Gimbel was a consistent member of the Christian church and held the respect of countless friends won in the course of an upright and useful life. She was married to Edward Gimbel of Winchester Dec. 10, 1882 and later changed her residence to Chapin. The living sons and daughters are Mrs. Ella Sullivan, Chapin; George Gimbel, Illinois; Clarence Gimbel, Jacksonville and Alpha and Miss Margery Gimbel of Chapin. She has one sister, Mrs. Clifford James, northwest of Jacksonville.

The body will be taken this morning to Chapin, where the funeral will be held at a time to be later announced.

Owens.

Word comes from Peoria of the death there of Fred Owens early Wednesday morning at the Savoy hotel. Owens fell down a stairway at the hotel and broke his neck. He was a former resident of this city where he was better known as "Sheriff" Owens.

Owens, it is said, was a New Yorker and has a brother residing in Cincinnati. He was employed at the Illinois hotel here and was known as something of a local character. He was at one time a traveling man and is reputed to once have been an eastern billiard champion of note.

AMERICAN LEAGUE CLUB
OWNERS TO MEET TODAY

May Cast Their Ballots For Peace or War in the Baseball World.

Chicago, Nov. 4.—Club owners of the American League at a special meeting tomorrow probably will cast their votes for war or peace in the baseball world. Through representatives of organized baseball and the outlaw Federal league, negotiations, it has been admitted, recently have been carried to an extent which requires only sanction of the rulers of the game to bring about peace.

Discussion of peace, however, is only one of the things on the program of the magnates. It is said, the possible transfer of the ownership of the American League Club in New York is likely to come up for discussion, according to a report circulated here, and it was pointed out that there was some similarity between the Stahl case, which resulted in a change at Boston and the resignation of Chance as manager of the Yankees, which might be a feature of the debate.

MUCH BUILDING IS GOING ON AT BLUFFS

Work on the School Building is progressing rapidly and other stores and dwellings are being completed.

Perhaps no town of its size in the state has so much work being done along the building line as Bluffs. The new \$20,000 school building is being pushed and they expect to have it ready by the first of January. It is indeed a credit to the town.

Work is also rapidly advancing on the two store buildings of George Van Gundy, one of these buildings it is understood will be occupied by Andre and Andre of Jacksonville. The Tewksbury and Black general store building is rapidly being enclosed as is the restaurant and confectionary store of S. Halpin. This building will have a flat as a second story. The new moving picture building by Thomas Meelan will be ready for occupancy in three weeks. It is especially adapted for that purpose. All these buildings were burned at the time of the fire August 7th.

O. A. Woodson is also having built a five room dwelling and houses are being built for George Vanier and Fred Hawk.

CYRIL SCOTT HEADS CAST IN "SEVEN KEYS TO BALDPATE"

In bringing "Seven Keys to Baldpate" to the Grand Friday night Manager Johnson has scored his biggest success of the season, inasmuch as the cast is headed by Cyril Scott, who is known all over the theatrical world as one of the best in his line of work. This attraction seldom plays a city as small as Jacksonville, but Manager Johnson has persuaded Colman & Harris to bring the production here. If the venture proves successful other big attractions will follow, among them "On Trial", starring Mary Ryan; also Bruce MacRae in his latest successes and others.

"This order," the newspaper says, "resulted in 50,000 men being thrown out of work and Governor General von Der Goltz permitted the civil guard to be assembled in order to prevent disturbances."

FLOYD BANDY KILLED BY BURLINGTON TRAIN

Young Merchant Meets Instant Death Near Barrow—Was Buried Yesterday.

Floyd Bandy, aged 19 years, a merchant of Barrow, was run over and instantly killed by a Burlington train Sunday night and died Monday morning at 2:30 o'clock. Both legs were cut so badly that they had to be amputated, Doctors Smith, Hawthorne, and Thomas of Roodhouse being the surgeons.

The accident happened three miles north of Carrollton and the young man was attempting to board a moving freight train when he slipped beneath the wheels.

He is survived by his parents, Mr. and Mrs. Elmer Bandy of Roodhouse, and one brother.

The funeral was held at Barrow, Wednesday in charge of Rev. W. R. Johnson and interment was made in Edwards cemetery.

ERROR IN QUOTATION.

In the Emporium advertisement yesterday, short and long coat suits in tedingote, Cossack, modified basque and postilion effects were quoted at \$10.50 when the figures should have read \$15. This latter price is exceptionally low for the values offered and the \$10.50 figure was therefore out of all reason. The sale is to open today and promises to be one of the greatest in the history of the Emporium.

The twenty-ninth annual sessions of the Woman's Home Missionary society of the M. E. church, Illinois conference, were opened Wednesday afternoon at Grace church by a devotional service in charge of Mrs. Kate Orr Pawson of Sidell, Ill. The keynote service, led by Mrs. Ida Allen of Danville, was followed by a roll call of organizations after which a symposium, as previously announced, was held with Mrs. S. A. Bullard; Mrs. E. J. Strader, Decatur; Mrs. S. L. Payne, Decatur; Miss Elsie Morris, Paris; Miss Aileen Day, Moweaqua; Mrs. Shaffer, Assumption; Mrs. Kagey, Tuscola; Mrs. Tarbox, Arcola and Mrs. Black, White Hall, as the speakers of the afternoon.

The election of officers will be the most important feature of the meeting this forenoon. The sessions will continue as Wednesday in Grace church and will be marked by several interesting papers this afternoon and an address at the evening session by Mrs. Cotton Mather of Ft. Collins, Colo. The music at the evening service will be in charge of the musical department of the Illinois Woman's college, with Prof. Stearns at the organ.

Fellowship Banquet.

Mrs. Charles Hopper was toast-mistress at the fellowship supper which was announced for 5:30 o'clock. Mrs. E. C. Lambert welcomed the delegates to the church, speaking both in her own behalf and for Dr. J. R. Barker, president of the Woman's college, who was called from the city and found it impossible to fill his place on the program. Mrs. Dora Lowdermilk welcomed the convention on behalf of the local Woman's Home Missionary societies. Paul B. Fritchey, secretary of the Chamber of Commerce, gave a welcome to the city, after which response for the delegates was made by Mrs. Love, president of the Danville district. A toast by Mrs. D. F. Fawcett of Springfield, a quartet number and a talk by Mrs. Cotton Mather concluded this part of the program.

The Olive Hill School.

The address of the evening was given by Miss Edith Ashton of Olive Hill, Ky., principal of Aiken Hall, a school for the daughters of the Kentucky mountaineers under the auspices of the Woman's Home Missionary society of the Methodist church. She spoke of the education and need of her people and called attention to the ability as students of many of these mountain girls.

There are at present about fifty students in this institution but the completion of a building now in process of construction will accommodate one hundred boarding students alone. The work is of academic grade and includes manual training and domestic science.

Solos by Mr. Stone and Mrs. J. Bart Johnson were features of the evening's music. Prof. Charles A. R. Stone was at the organ.
